P3 AR Vocational Education and Training Ltd., (ARVET), UK
P4 Private Institute Emphasys Centre, Cyprus (EMPH), CY
P5 Asociatia Oamenilor de Afaceri Agres Romania (AOAA), RO

This document shall give an overview of the data collected by using the Evaluation Report at the 2nd DiGI-VET-Conference, hosted by ARVET in London, UK.

All participants have filled out the questionnaire, handed out at the end of the conference to evaluate the meeting content, the workshops design, the coordination and the results of the project meeting.

The first project meeting in London went well and none of the partners has anything of urgent matter to declare at this stage of the project. Besides that, the partners were very satisfied about the hosting in London. Some partners suggest Skype-Meetings between the face-to-face conferences. Because of this, the project team decided to have Skype-Meetings every 2 month and already have fixed the dates (see also meeting minutes). Moreover, all participants want to do more dissemination activities, e.g. posts on social media channels and website, fairs, articles in scientific journals, posters and flyers.

Even so, each partner has a clear picture of the meeting objectives and considered the meeting as helpful.

Please find below the summarized evaluation data:

	Totally disagree	Partly disagree	Partly agree	Totally Agree	I don´t know	∑
The conference lived up to my expectations.				8 (100%)		8
The conference objectives were clear to me.				8 (100%)		8
