

DiGI-VET Fostering Digitisation and Industry 4.0 in vocational education and training 2018-1-DE02-KA202-005145
IO 4 – Learning Materials- Classroom Material Germany, Schneider, J.; UPB

## Digitisation?! What does it mean?

Our life is changing fast even the digitisation has become a fundamental part of our daily work and private business. But, what does digitisation means for VET? The following, general definition parts for digitisation shows a great overview of main parts of digitisation.

used when converting information, like text, images or voices and sounds, into binary code (etc.)

process of converting analog signals or information

that can be understood by computer systems or electronic devices.

any form of analog signals into a digital format

Reasons for Digitisation:

Digitised information is easier to store, access and transmit, and digitization is used by a number of consumer electronic devices.

Technopedia (2019): Digitization. On the internet: https://www.techopedia.com/definition/6846/digitization [Jan.; 2020]
