	Evaluation of the final online meeting	<i>All partners</i>

GOODBYE! AND LET'S START INTO THE FINAL WORK ACTIVITIES OF THE DIGI-VET PROJECT!

Meeting Minutes of the Final Online Meeting of DigI-VET

Date: 27.04.2021

Time: 10- 17.00

Participants: 8 participants (at least min. one person form each oranisation

Venue: Online Meeting

The DigI-VET Final Online Meeting startet with a warm welcome from the coordiantor Rasmus Pechuel. All partners have the opportunity to start with a quick chat about urgent questions or actual tasks. After that the University of Paderborn go over to the schedule of the meeting and presented the

- Overview of the Intellectual Outputs and 15 Core Results of the DigI-VET Project
- Final tasks, translations and missing documents

This part ends with the opportunity to discuss open questions.

After this part the focus was on the DigI-VET book. There were final votes on topic, contents and structures.

- Final Version
- Focus on missing references
- Layout

The next topics are the Online Observatory of DigI-VET, its current and final status as well as last translation tasks.

- Current and final status
- Online – Embedding: Missing translations/ documents to embed

The DigI-VET sMOOC

- Presenting the DigI-VET sMOOC
- Discussion, and Q&A

After lunch the consortium try out the functionality of the DigI-VER Learning Platform

- Demonstration of Online Learning Platform
- Final tasks and translations for the consortium

The meeting ends with a final view on the financial and management tool PROM and explaining of the necessary documents for the final report:

Administrative and financial information: The Final Report

- Documentary evidence required
- Collection of TS
- Pay slips etc.
- Last hints to: Online finance and project management tool (PROM)
- Discussion and time for questions!

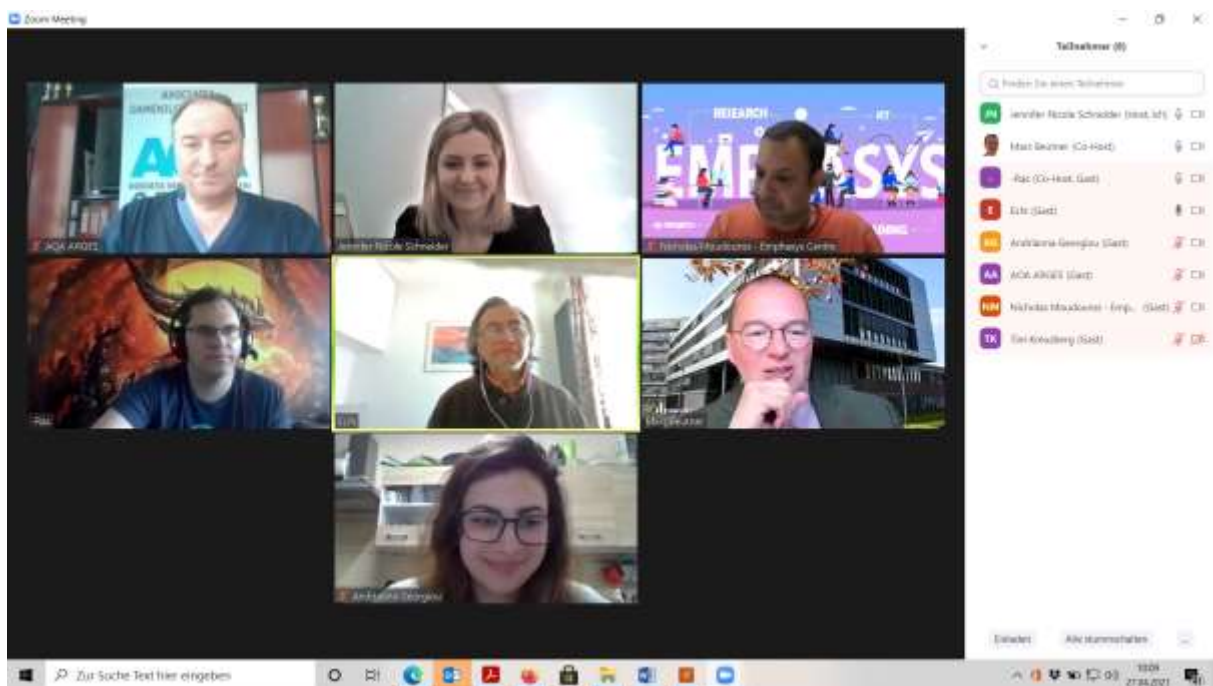

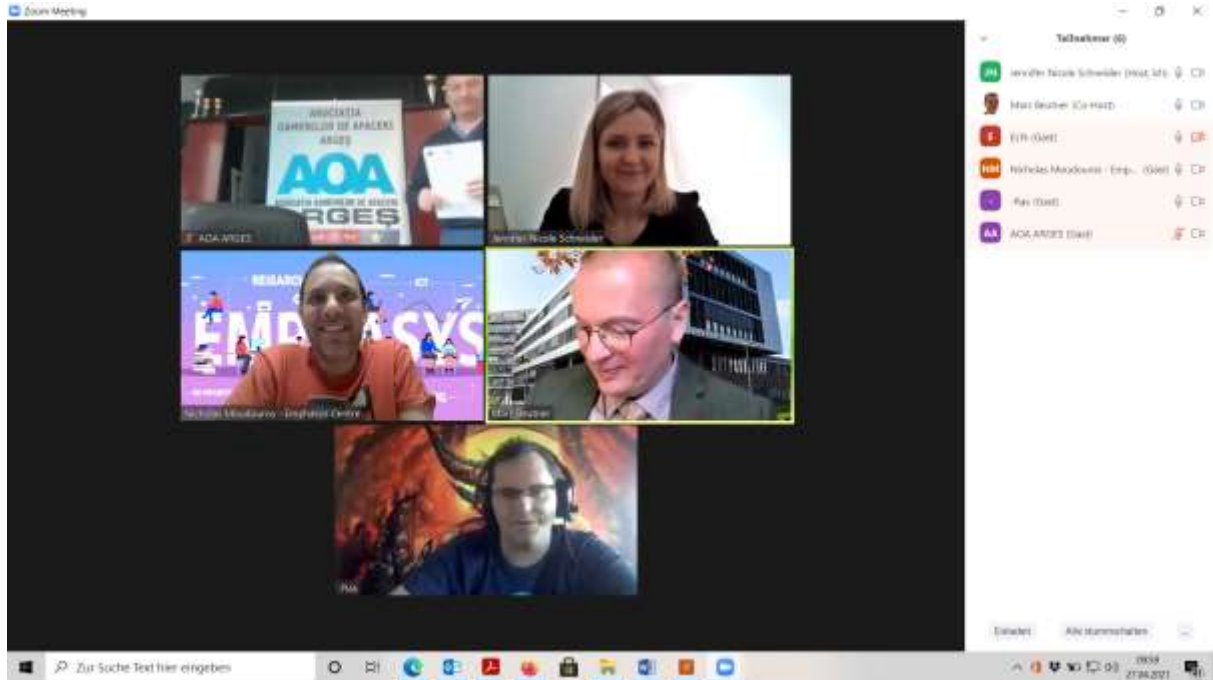

At least the partner has the opportunity to give a short feedback of the meeting by voting and answering the Meeting Evaluation Survey.

To sum up:

In total, it was a successful, fruitful and efficient online meeting, where all the open and necessary question regarding last tasks to do and regarding the final report could be solved and answered. The consortium tried out the Online Learning Platform of DigI-VET and were able to develop further suggestions for improvement. All improvements will be implemented in the final version of the platform.

Zoom Meeting

Opportunities and plans for the future

The digitalisation will make the operation of our business, outside of Germany, extremely difficult for us. Thus we develop software and hardware from standard manufacturers such as Cisco. It is essential for us to develop further markets very quickly. This is what we want for the future. Moreover, one of our goals is to expand in the digital marketplace for travel games. We want to offer medical hardware manufacturers to explore complete and competitive trading possibilities with their hardware. The IoT will also enable us to significantly improve communication between physicians, patients and therapists.

Open the first feedback box...

The screenshot shows a Zoom meeting in progress. The main window displays a presentation slide with a blue background. At the top, there are three logos: "devicepilot", "Fto", and "Logo". Below these are three smaller logos: "Device Pilot Limited", "Fto Limited", and "Device Pilot Limited". At the bottom, there is a "Playtech Limited" logo. The Zoom interface includes a top bar with participant thumbnails, a right-hand sidebar with a list of participants, and a chat window at the bottom right. The chat window shows a conversation with a participant named "Man Bauman" who says: "Hi! I have to jump in another meeting it was nice seeing you again!". Another participant, "Nicolas Schneider", replies: "Dear Nicolas, no problem. It was nice to have you here today." A third participant, "ACA ARDZ", says: "Please excuse me a half an hour." The Zoom toolbar at the bottom shows various icons for mute, video, chat, and other functions.

The screenshot shows a Zoom meeting with a grid of six participants. The participants are arranged in a 2x3 grid. The top-left participant is a man with a blue background featuring the text "AGDS" and "ARBI". The top-right participant is a woman with a white background. The middle-left participant is a man with a background of a modern building. The middle-right participant is a man with a white background. The bottom-left participant is a woman with a background featuring the text "EM" and "AYS". The bottom-right participant is a man with a background of a red and orange landscape. The Zoom interface includes a top bar with participant thumbnails, a right-hand sidebar with a list of participants, and a chat window at the bottom right. The chat window shows a conversation with a participant named "Man Bauman" who says: "Hi! I have to jump in another meeting it was nice seeing you again!". Another participant, "Nicolas Schneider", replies: "Dear Nicolas, no problem. It was nice to have you here today." A third participant, "ACA ARDZ", says: "Please excuse me a half an hour." The Zoom toolbar at the bottom shows various icons for mute, video, chat, and other functions.
