Dear Participant,

We are very happy that you take your time to complete this questionnaire about digitisation and industry 4.0. In the ERASMUS+ project DiGI-VET we are focusing on new developments in digitisation within the European union and its member states. The core idea is to get information on the current situation, on challenges and changes as well as on future perspectives. Therefore, it is important to get an impression how people in the countries of Europe think about this field and the developments in it.

So, it is interesting to get information how you think about these aspects.  
Here are some orientations:

**General instructions for completing the questionnaire:**

This questionnaire consists of a quantitative and qualitative parts and addresses three thematic sections:

- General information
- Estimations about digitisation and industry 4.0
- Opportunities and Challenges

To handle all questions, you need approximately 15 minutes.

All your information will be analysed and evaluated completely anonymously.

For any further questions we are at your disposal. You can reach us via our email address:
